October 2, 2020

Dear Northwest Academy Families,

During this upcoming week, from October 5-8, students in grades 2-8 will take their Fall Mock Assessments through an online program called Mastery Connect. Mastery Connect is an online diagnostic tool that progress monitors student's growth in the areas of English Language Arts and Mathematics in preparation for the state tests in the spring. Science is also assessed for grades 5 and 8. If scholars are absent during the days they are scheduled to test, they will then test when they return and be expected to collect any missing work as a result of making up the tests during class time. These Mock Assessments will take place throughout the year.

Some good testing tips are located below to ensure the success of our scholars during testing time:

- ✓ Getting plenty of sleep
- ✓ Eating a healthy breakfast
- ✓ Arriving to school on time
- ✓ Deep breathing techniques during the assessment

Located below is the testing schedule which identifies the grade, content area, dates, times and modalities for students taking the assessments
