Student Wellness and Success Funds

2023-2024

School Name: Northwest School of the Arts

IRN: 000575

Describe the use of funds:

The utilization of funds will be focused on Northwest School of the Arts' commitment to providing comprehensive support to students with disabilities. Student Wellness and Success Funds will be allocated to enhance psychological services and other related services.

To ensure the effective use of Student Wellness and Success Funds, the school will allocate a minimum of 50% towards Special Education and psychological services. This may involve collaborations with external agencies for counseling services, as well as the employment of mental health professionals and Special Education Intervention Specialists.

Name and describe coordination with community partners:

In terms of community partnerships, Northwest School of the Arts plans to collaborate with at least two partners. During the 2023-2024 academic year, the school aims to work alongside PSI, Peter James and Say Yes to Education, and ACCEL. These partnerships will encompass Psychology Services, Nurse Services, Special Education Services, and Wrap-around services.

Describe the anticipated impact of the utilization of funds:

The anticipated impact of these funds on our students is significant. By prioritizing the social and emotional wellness, mental health, and physical health of our students, we aim to ensure that those receiving Special Education services receive the necessary accommodations outlined in their Individualized Education Programs (IEPs). It is estimated that over 250 students will directly benefit from these funds.
